## **VENDOR EXPO**

### General Information:

The Eighth NASA Goddard Conference on Mass Storage Systems and Technologies, in cooperation with the Seventeenth IEEE Symposium on Mass Storage Systems, will host a Vendor Expo on March 28 - 30, 2000. To reserve space in the Expo, vendors must contact Ben Kobler, at NASA Goddard Space Flight Center, on 301-286-5231 or [ben....@nasa.gov](mailto:ben....@nasa.gov), to check space availability and reserve an exhibit space number.

The Expo will be held in the Founders, Ft. McHenry, and Chesapeake rooms of the [University College Conference Center](#), directly across from the Auditorium. The fee for each 7.5' by 7.5' exhibit space, which includes a 3' by 6' table and 2 chairs, is \$500. All vendor representatives will need to register at the normal conference registration rate. In order to accommodate as many vendors as possible, a number of larger exhibit spaces are also provided (See [Vendor Expo Exhibit Layout](#)). Once space has been confirmed, the [Vendor Expo registration form](#) should be filled out and submitted to RS Information Systems.

There will be additional costs for electrical, phone, and network connections (See [Electrical/Telephone/Modem/Internet form](#)). Payment for these additional items should be made directly to the University of Maryland.
