Student Note: To get the student member rate, the student must be a member of the IEEE and the Computer Society. The student member registration fee includes proceedings and social functions. Currently, IEEE student membership fees are \$52 (\$30 to join the IEEE and \$22 to join the Computer Society). We encourage membership to students interested in attending MSST2005 as the member fees are low relative to registration fees. If the student is already a member of the IEEE, then they would just pay the \$22 for the Computer Society.

Cancellation Policy: Full refunds of Registration Fees may be granted if written cancellations are received by Summit Performance Group on/before March 21, 2005 . After March 21, 2005 no refunds will be granted for any reason. Please mail or FAX your signed cancellation letter to:

Summit Performance Group
